

# National Hazing Prevention Week | Fall 2013

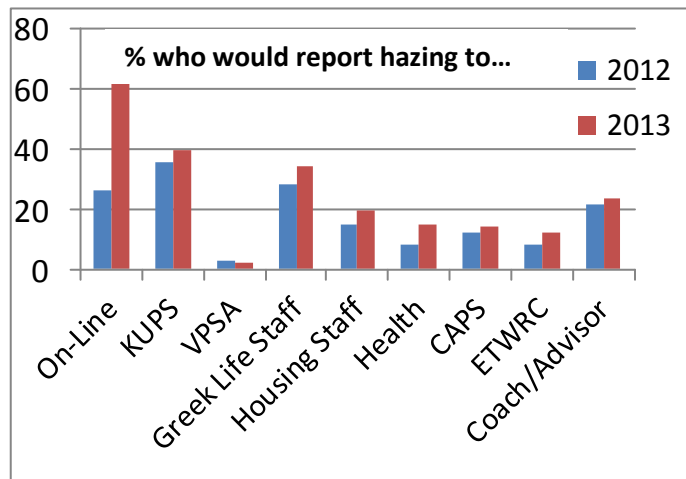

## QUESTION OF INTEREST:

1. What do students consider “hazing behaviors”?
2. Would students report hazing to University officials?
  - a. What behaviors would be reported?
  - b. What reporting resources would students use?

## DATA HIGHLIGHTS:

1. In 2013, ~70% are willing to report
  - a. Females MORE likely to report than males
  - b. Athletes LESS likely to report than non-athletes
2. All behaviors were significantly MORE LIKELY to be reported in 2013 compared to 2012
3. COMPARED to 2012, students are MORE WILLING to use the following to report hazing behaviors:
  - a. On-line
  - b. Greek Life Staff
  - c. Housing Staff
  - d. Health
  - e. ETWRC
4. FEWER 2013 respondents consider the “forced consumption of alcohol” as hazing compared to 2012
5. At least ½ of 2013 respondents consider the following activities as hazing AND would report:
  - a. Nakedness or partial nudity
  - b. Paddling, beatings, or other physical endangerment
  - c. Substances poured on self

**METHOD**

5-item questionnaire

- Two days in October
- Conducted 2012 & 2013
- Free hot dogs & t-shirts
- Twitter announcement

## ACTION STEPS AS RESULT OF ASSESSMENT:

- “Forced alcohol consumption”, “physical exercise”, and “line-ups with yelling” will be considered and reported as hazing by  $\geq \frac{1}{2}$  of all respondents in 2014
  - Work on membership education with Greek Letter organizations that focus on the dissonance between values and ethical-decisions with hazing activities
  - Work with Scholarship Hall student leaders to design welcome events for new students
